Would like to sponsor the:

CHAD BRILEY BENEFIT SHOOT!

MARCH 21st & 22nd

Chad Briley was recently injured in an accident in which he was accidentally shot while practicing for his Oklahoma Peace Officer Certification. Many of us have met and shot with Chad at matches, or have seen him in the movies. Chad's had a waiting period for his insurance to become effective, unfortunately this happened before it became effective. As a result he is uninsured and out of work, so we would like to invite you to come and have some fun, help us make a donation to Chad so that he can get through his time of need.
